District In-Service Days

When:

Monday, Feb 21 8:30-4:00 pm

Monday, Feb 28 9:00-4:00 pm

Follow up 4:30-6 TBA

Where:

Cost:

Tuition: Free Sponsored by AK Division of Forestry/BLM

Materials fee- \$ 20.00

Audience:

Teachers (especially, but not limited to grades 4-10)

Aides and Tutor Advisors

Scout leaders

Anyone interested in Wildland Fire Ecology

Wildland Fire Behavior

Wildland Fire Safety

Fire in Alaska is a hands on, **interactive, lab based** course designed to help young people learn about fire ecology, fire behavior, and about living safely along the wildland urban interface. The lessons, which **use role playing, games, and laboratory and computer simulations**, can be taught individually or combined into units. Participants have access to a trunk filled with posters, videos, and equipment to perform experiments. This exciting fire curriculum is being used all over Alaska.
